EXTENSION POLICY

Give Back to Society

Bon Secours College for Women, Thanjavur

EXTENSION POLICY

Extension activities of the college establish a link between the students and the community. Extension activities have always been an in build part of the educational system. Education that does not reach out to the community is incomplete and inconclusive.

Hence the college untold plenty of opportunities for the students to involve themselves in community oriented extension activities under the banner of ***Give Back to Society***. The extension activities are carried out through department associations, committees, clubs and under Part V activities twice a semester with the following objectives:

- ⊕ To provide the students with opportunities of coming into contact with real life situation especially in the poor and illiterate section of the society.
- ⊕ To create a platform where students can develop and display their skills and talents for the betterment of the under privileged people.
- ⊕ To develop a meaningful and progressive relationship with a section of the society.
- ⊕ To provide awareness to the less fortunate on various basic aspects.
- ⊕ To gain awareness on the values of life.

The students invariably involve themselves in the following activities every year besides their spontaneous response to the unfortunate disasters.

Thus the extension activities substantially contribute to the wholesome growth and empowerment of the women learners in line with core values of the college.

Principal,
Bon Secours College for Women
