14. Whether AQAR was placed before statutory body ?	Yes		
Name of Statutory Body	Meeting Date		
Rev. Dr. Sr. Mariammal, Secretary and Dr. Sr. Cathelina, Principal	23-Nov-2020		
15. Whether NAAC/or any other accredited body(s) visited IQAC or interacted with it to assess the functioning ?	No		
16. Whether institutional data submitted to AISHE:	Yes		
Year of Submission	2020		
Date of Submission	15-Feb-2020		
17. Does the Institution have Management Information System ?	Yes		
If yes, give a brief descripiton and a list of modules currently operational (maximum 500 words)	The Institution deploys a Management Information System for its overall functioning. The MIS automates the major part of the institutions' academic and administrative processes. Memorandum of Understanding was signed with Gurukul Soft, Chennai. The Gurukul Software comprises of specific modules through cloud based distributed system which facilitates the overall progress of the institution. The web application replaces technical manpower through its inbuilt online application modules which reduces time and operates through user friendly mode. The stakeholders are able to easily access the required information. The list of modules in MIS consists of Core modules. Pro modules and Enterprise modules. Core modules include College Profile, Staff Management, Student Management, Departments Sections, SMS Services, Semester Exams Cycle test Reports, Attendance management, Calendar and		

holidays, Gallery, Group, Notice board,

News and Award, Events, Students discipline and User management. Pro Modules consists of Mobile application, Time table, Fees management, Instant Fee, Certificates, Transport and Fees,

Home Work / Assignments, Question Bank, Staff Leave Attendance, Syllabus management, Customized Reports, Course materials, Online application, and Alumni. Enterprise Modules comprises of Library management, Hostel management, Pay Roll management, Survey management, Purchase management, Inventory management, Expense management, Budget management, Online application Centre, PT Association tool and Front Office. With these modules the functioning of the Institution could be tracked and monitored with accountability. The authorised users can alone access the information since it is highly secure and password protected. The institution is completely digitalised with email system with advance filter mechanisms of analytic based customized reports. The salient features of MIS include separate website of the institution with regular updation, online application form, admission results, automated email and SMS configuration with advance filter mechanism, customized email reports as per request and role based access and controls. It is extensively user friendly and requires very less effort to use the application. It renders easy and effective ways for the preparation of timetable, maintenance of attendance, preparation of customised reports, uploading of photos, gallery, news and awards provides easy access to students and customizable application as per the requirements. In addition, it generates hundreds of statistics and reports with unlimited data storage. On the whole the software application maintains history of students, faculty and the classes have an access control system to class management security system. It provides end to end software services to automate 90 of college processes and operational commitment of Education. Quite 500 plus reports, 100 plus graphical reports and 45 deeply analyzed modules help to stay connected the students, faculty, parents and management with 99.9 availability. It ensures distance learning solutions to Students and they can progress their studies without any break in learning chain. It assists to evaluate the performance appraisal of the faculty members. It makes the institution into

digitalize within 72 hours upon the data. The automatic SMS and email system with filter mechanism keep poppingup of all analytic based customized reports.

Part B

CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The institution adheres to the curriculum offered by the Bharathidasan University, Tiruchirappalli. Quality circle of the institution sticks on to the well-structured implementation strategies aligned with the vision & mission and students-centric stance. The institution ensures effective curriculum delivery through a precise planning and implementation process as mentioned below. Courses are allotted to faculty according to area of specialization and their skill level in every semester and timetable is prepared. Program Outcomes (POs), Program Specific Outcomes (PSOs) and Course Outcomes (COs) aid in providing direction to teaching, learning and other related activities. The teacher's course diary is inbuilt with lesson plan, teaching plan, teaching pedagogy, evaluation, assessment with follow-up metrics. Lesson plan is prepared by the respective faculty members at the beginning of each semester for the courses to be handled by them. The Heads of the department and the principal verify the lesson plan. The lesson plan, teaching plan and logbook give an insight on "how-might-we" adhere to plan & regular classes in line with effective curriculum planning and delivery mechanism. Academic year plan is prepared by each department with curriculum enrichment programmes and association activities at the commencement of the academic year. The periodical meetings with management council, IQAC, staff council, head of the Departments meeting within the departments, Bon Secours Student Arm (BSSA), the student council are conducted. Bridge Course in Communicative English is offered for the new entrants at the beginning of the semester "English For You" classes at the basic, intermediate and advanced level are offered to the students from Tamil medium. Foundation Program is offered with Know thy institution and department, Digital quest, Knowledge and Technology and Transfer (KATT) programme, Give back to Society (GBS) programme, Terminology & effective learning practices as orientation at department level for all first year students. Certificate courses, value added courses and add on courses are offered to all the students to meet the demand in the job markets and Entrepreneurial skill requirements. Vocational Education Training (VET) programmes are extended to develop their skills towards Entrepreneurship. The institution conducts Soft skills training programme and Pre placement training to the final year students to equip them as competent for their career. Special lecture, seminar, conference, symposium and workshops are organized by all the department for the curricular and co-curricular augmentation. The departments arrange industrial visits, education tours and internships to provide practical exposure. Programmes on competitive examination and Career guidance are organized for the students. Entry level and Exit Level tests are conducted in addition to continuous internal assessment examination to facilitate effective curriculum delivery. Special Programmes for slow learners as Gear Up Self (GUS) and advanced learners as Gear up Extraordinary Minds (GEMs) respectively. Mentoring system is extended effectively for all the students to render one to one relationship with consistent support, guidance and assistance for their personal development and academic growth. Feedback from Students, Teachers,

Parents, Alumni and Employer on curriculum design and implementation is markedly examined to enable the students to achieve their learning goals.

1.4 – Feedback System									
1.4.1 – Whether structured feedback re	ceived from all the	stakeholders.							
Students			Yes						
Teachers		Yes							
Employers		Yes							
Alumni		Yes							
Parents			Yes						
1.4.2 – How the feedback obtained is be (maximum 500 words)	eing analyzed and	utilized for overal	I development of the institution?						
Feedback Obtained									
The progress of the institution profoundly relies on the well-organized feedback system. The institution has been practicing a feedback system accommodating all the stake holders including staff, students, alumni, employees and parents. The Feedback system improves the better performance of the individuals and organization effectively. There is a well set mechanism in the institution is functioning as ECHO [Effective Criticism and Healthy Outcomes] to collect and analyze the feedback received from the students and other stakeholders. Feedback is obtained with questionnaire through Intranet mode. Questionnaire includes matters pertaining to course, teaching-learning mechanism, pedagogy, syllabus completion, internal assessment and evaluation procedures, transparency, mentoring system, course material, library facilities, assignment and seminar activities, internship and training									

programmes, soft skill training and placement etc., The students once in each semester register their feedback and Parents Feedback is obtained during the PTA meeting held twice in a year and also on occasion when the parents visit the college which is recorded in the faculty course plan. The feedback is also collected from the students through suggestion boxes kept at strategic places in the college and the grievance committee looks after the feedback which is resolved genuinely. As alumni is found to be the brand ambassador(s) of the institution, the feedback of the alumni is taken with due considerations. They offer their feedback at the annual meeting. The feedbacks from the employers are also collected. The outcome of the feedback is brought to the notice of the Principal and represents the suggestions in appropriate forums such as the management council, staff council and related committee. Grievances related to examination is noted by the Examination cell and resolved by the Principal. The students' difficulties on examinations are received and discussed by the course tutor with the Head of the department and structured remedial classes are conducted in order to help the students to progress in their studies. All the students are counselled by their respective mentors in addition to counsellors. In addition, guests and resource persons also register their feedback for the improvisation and betterment of the institution. Thus the feedbacks from the stakeholders are utilized for the holistic development of the college in every sphere.

CRITERION II – TEACHING- LEARNING AND EVALUATION

2.1 – Student Enrolment and Profile

2.1.1 – Demand Ratio during the year

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The continuous internal evaluation system adheres to the University prescribed rules and regulations. But nevertheless, meticulous planning and execution is applied to the internal examinations. The Internal examinations are carried out in three phases of the academic year as CIA I, CIA II and Pre semester examination. The pattern of Internal Assessment (IA) was reformed by the university as Test, Activity and Assignment for UG and Test, Seminar and Assignment for PG students. Students' academic performance is recorded in faculty course dairy, continuous monitoring and reforms are carried out accordingly. Students who fail are given a second chance to improve themselves. Remedial classes are conducted for the failures. Grievances of the students are addressed in a time bound manner. Internal Exam marks are sent as text message to the parents at regular intervals. Feedback system is functioning as ECHO (Effective Criticism and Healthy Outcome] also collect, analyse and take action on grievances related to examination. PTA Meeting is convened after the CIA I, II and Pre semester and parents can access the performance of the students with the Answer scripts of CIA I, CIA II and Presemester, attendance and overall performances of the ward. The timing of the internal examinations was extended to two hours based on the feedback of Bon Secours Student Arm [BSSA], the student council. The examination committee ensures the smooth functioning of internal and external exams with strict adherence to the rules and regulations of the Parent University.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The institution is affiliated to Bharathidasan University and Examinations are conducted at the end of each semester by following University norms. College informs students about university notices and circulars related to the examinations through student notice board, departmental notice boards, college website and also verbally by the faculty members of the department. At the commencement of the academic year, students are provided with calendar to fit into the academic programmes well in advance. The procedures and dates of the Internal Examinations, CIA I, CIA II and Presemester are prescribed and conducted aligning with academic calendar. Any changes in the same will be intimated earlier by Examination committee with the approval of the principal. The eligibility for appearing in the University exams is stated in the calendar and the information regarding revaluation, retotaling and transparency are also highlighted. The principal reiterates to the faculty regarding the scheduled syllabus completion and revision to ensure course outcome. The principal conducts meeting with Department level Students Forum [DSF] that comprises of class representatives, time to time to discuss about the pertinent syllabus completion in line with calendar schedule. The students' performance in the internal examinations is discussed by the respective class tutors with the parents in the PTA meeting which is mentioned in the calendar. All departments conduct internal assessment of students and students are well informed about internal examinations well in advance by the department in line with calendar. Internal assessment results are uploaded in university portal in accordance with university regulations and timeframe.

2.6 – Student Performance and Learning Outcomes

2.6.1 – Program outcomes, program specific outcomes and course outcomes for all programs offered by the institution are stated and displayed in website of the institution (to provide the weblink)

Bon Secours student Arm [BSSA] is designed to function in three ways such as, College Student Council [CSC], Department level Student Forum [DSF] and Students Aided Committees [SAC] to facilitate convenient interaction and accessible reach. The students play an integral part in all the institutional committees and cells including IQAC. BSSA comprises of the following designations, 1. President 2. Vice- President 3. Cultural Secretary 4. Transport Secretary 5. Environment Secretary 6. Language Secretary 7. Sport 8. Discipline 9. Treasurer The same structure is followed for DSF. Department level Student Forum [DSF] is structured through performance appraisal cum formal interview by the Head of the department and faculty. In addition to that class representatives are appointed for all the sections from I Year to Final Year.Commendable students are nominated by the Vice Principal through the Head of the department for Students Aided Committee [SAC]. All the office bearers of BSA take charge on Associations' Installation Day. Students Aided Committee [SAC] includes, 1. Student welfare 2. Magazine journal 3. Grievance Redressal cell 4. Discipline 5. Feedback 6. Library 7. Placement cell 8. Co-curricular extra-curricular 9. Entrepreneurship development cell 10. Anti-ragging 11. Legal aid cell 12. Alumni 13. Gender champion club Their roles and responsibilities are channeled as follows, Students initiated Programmes: Teachers day, Transport day, Freshers' Day, Inter-religious Festivals, Interdepartmental Programmes, Farewell day and general assembly are precisely organized by BSSA under the guidance of the Principal and Vice-Principal. The creative talents of the students are raveled by the BSA and exhibited through notice board, BON FEST, the intra-collegiate and Bharathidasan University Fest, the inter-collegiate cultural competitions constantly. Internal Quality Assurance Cell in Association with PG and Research department of Bio technology organized "One Tree, One Life Movement on 05.06.2020 with an objective of protecting and conserving the Environment. The Bon Secours Student Arm (BSSA) actively coordinated the event and guidelines were given to the students that each student must plant 1 to 10 saplings from 06.00 a.m. to 06.00p.m. and Students planted a total number of 1354 trees. Student Initiated Help Desk: As a practice of charity, Students contribute magnanimously towards, SAFE [Students Assisted Fund for Education], I CAN, the commercial bazaar through which funds are mobilized to extend financial support to poor and needy students. MANNA, the mid-day meal Programme is intended to energize the deprived and needy students. Students Aided Committees [SAC] members extend their services in organizing various programmes in their respective committees for the effective functioning of the same. Volunteering towards blood donation, Rallies, yoga, services at adopted villages, and discipline through Part V clubs are noteworthy. BSSA helps the students in sharing their ideas, interest and concerns pertaining to academics, infrastructure and administration. College Student Council [CSC] meets the alumnae president to share their scholastic experiences towards the holistic progression. The PTA backs the council when required.

5.4 – Alumni Engagement

5.4.1 – Whether the institution has registered Alumni Association?

Yes

The Alumni association is an integral part of the institution and functioning towards the motto of the college which is, To empower, To change, To live. The alumni fulfill the vision of the college to transform the rural women to emerge as empowered with standard caliber. BONAA, Bon Alumni Association was registered under the Certificate of Registration Of societies Tamil Nadu Act of 27 of 1975 under the SL.No. SRG/THANJAVUR/30/2019 on 24/05/2019. The president of the alumni Mrs. Usha Nandhini Viswanathan plays an active role in directing the association and stands as a testimony of the college motto. Alumni are registered with lifetime membership. An active Alumni committee is functioning with the coordinator under the guidance of Principal. BONAA is vibrant through social media. Notable alumni are invited for department association activities as resource persons and college functions to motivate and encourage the student community with real time examples.

5.4.2 – No. of enrolled Alumni:

1639

5.4.3 – Alumni contribution during the year (in Rupees) :

867100

5.4.4 – Meetings/activities organized by Alumni Association :

The Alumni association is an integral part of the institution and functioning towards the motto of the college which is, To empower, To change, To live. The alumni fulfill the vision of the college to transform the rural women to emerge as empowered with standard caliber. BONAA, Bon Alumni Association was registered under the Certificate of Registration Of societies Tamil Nadu Act of 27 of 1975 under the SL.No. SRG/THANJAVUR/30/2019 on 24/05/2019. The vibrant alumni committee builds the network at state, national and international domains through the social media as a platform for KIT [Keep In Touch]. The president of the alumni Mrs. Usha Nandhini Viswanathan plays an active role in directing the association and stands as a testimony of the college motto. BONAA Armrest as BONAA- FS [Financial Support] and BONAA- NFS [Non-Financial Support] perform under the principle of Re-connect, Recharge, Rejoice. BONAA Recharges, the institution with monetary support to enhance the infrastructure, learning resources and green practices on academic and non-academic grounds. BONAA contributed Rs.2, 00,000 for the construction of the Guest house in the campus which was named as BONA guest house in 2018. They donated saplings to create greenery atmosphere around the guest house on the day of inauguration. Bon Alumni [BONA] extend their support on SAFE, Students Assisted Fund for Education and MANNA, the mid-day meal Programme. They also donated books and study materials to Bon-Padasala. BONA render their valuable participation in orientation of new entrants and facilitates remedial classes towards academics. BONA motivates and molds the young aspirants by training them in sports and games. Alumni find the institution as the place of solace to get rid of robotic monotony and get assistance in counseling to cope up with the new challenges in family and career as well.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Practice I: Vice Principals The College has an effective management system which is democratic decentralized and participative various curricular and cocurricular responsibility are shared among staff members, so that each staff has a contributory role to play in the administrative system of the college. There was only one vice principal and no need was felt for Deans when the student strength was around 2000, now the student strength is nearly 4500. Hence one more vice principal and 4 Deans have been appointed to share their responsibilities to ensure quality and effective administration. This process of decentralization yielded desired results. There was noticeable improvement in academic and administrative spheres. The Vice Principal I monitors all academic activities in the college and she is assisted by 4 Deans. The Deans collaborate and interact periodically with the respective HoD's and faculties to assist and guide them. The Deans under the direction of vice principal I arrange TIID Programme for newly recruited teachers. The Bridge Course at the

beginning of the academic year is organised by the vice principal I for the new entrants. The Seminars, Conferences and other activities in the departments are conducted with the guidance and support of Deans and Vice Principal I. The Vice Principal I verifies the faculty course book and logbook regularly to assess the progress in teaching and learning process. The Vice Principal I is incharge of staff council meeting and staff welfare. She takes initiative and contributes substantially for the effective functioning of Human Resource Development Cell and Research Development Cell. Further the Alumnae Association comes under their effective guidance. The Vice Principal II assists the Principal in general administration and represents the Principal in her absence. She ensures the maintenance of general discipline and lends support for the co-curricular and extra-curricular activities. She monitors the functioning of Committees and cells. The students support services are carried out with her constructive suggestions. The Student Council and Student Welfare Activities also come under her supervision. She organises Student Council Election with the support of staff members. The Student support services Manna, SAFE, ICAN, Earn While Learn and Bon Child come under her close monitoring. She is also constantly in touch with the mentors to help solving some of the personal issues of students. Practice 2: ? Infrastructure augmentation During the academic year 2019-2020, infrastructure augmentation is extended to fulfill the scholastic and administrative requirements to enhance quality education. The Heads of the departments submit their requirements to Principal for effective functioning of the academic year and it is forwarded to the management. Management council approved the following improvements: ? Multipurpose hall, MBA block with 18 classrooms, 2 laboratories and a research centre, Drivers waiting lounge with wash rooms . ? Renovations of Cafeteria, Herbal garden, mushroom hut . ? 3 additional buses to extend transport facilities to students from remote villages. Management Information System [MIS] was implemented by IQAC to monitor and manage the overall functioning of the institution. Additional smart boards, ICT facilities were extended.

6.1.2 – Does the institution have a Management Information System (MIS)?

Yes

6.2 – Strategy Development and Deployment

6.2.1 - Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Teaching and Learning	TIID [Teachers Individual Institutional Development]: IQAC introduced TIID centred on quality of teaching and learning practices on teacher readiness to draw recent technological support and eresources. The model classes, FDP on Quality Enhancement Training for the Teachers and Research and Development towards professional competency. Faculty are encouraged to participate in workshops and seminars organised by renowned institutions towards sensitising to fit into academic, administration and NAAC quality inputs. 2. Establishment of central library as a Learning Resource enables acquiring information, knowledge and required skills through digital means with ICT and ILMS
	facilities. 3. Students' seminars,
	conference, workshop, skill development trainings programme and vocational education programme, internship field visits are conducted by the departments.
---	--
Examination and Evaluation	The Examination and evaluation system adheres to the affiliating University prescribed rules and regulations. College conducts internal assessment of students according to the university guidelines. The Internal examinations are carried out as CIA I, CIA II and Pre semester exam. Internal Assessment (IA) was performed based on Test, Group activity/Quiz and Assignment for UG and Test, Seminar and Assignment for PG students. Internal Examinations Timing was extended based on students' feedback. Examination committee has allotted timetable for the internal examinations and conducted in line with rules and regulations
Research and Development	FDP on Research and Development was organised to take up major and minor research projects. Research centre was extended to social work department. 3. The research culture among students is realized through KATT (Knowledge and Technology Transfer) programme under the guidance of steering and standing committee. 4. Considerable number of Projects was sanctioned by TamilNadu State Council for Science and Technology. Eventually were produced. 5. Training programme project on Herbal finished sanitary napkin preparation was obtained by fashion technology, Biotechnology and Commerce by TNSCST was promoted as Bons Incubatation center in the name of Iraivi Solutions.
Library, ICT and Physical Infrastructure / Instrumentation	1. More ICT enabled classrooms and smart boards were introduced to update on teachinglearning practices. 2. The physical infrastructure has also received sincere attention from the college authority. Number of desks, benches and laboratory working benches, computers, printers, books and journals were scaled up. 3. Classrooms were constructed to meet insufficient availability. Sport items were purchased towards physical fitness. 4. Separate rooms for IQAC, R D cell, Deans were renovated. Cafeteria, Drivers rest room and workshop, incubation center, rest room for disabled were proposed

Human Resource Management	HRDC was initiated to ensure the smooth recruitment process and faculty empowerment. HRDC organised faculty annual tour to Mysore and yoga for faculty to offer relief from daily monotony. Vibrant exhibition Startup culture was also geared up.
Industry Interaction / Collaboration	College have collaborated with eminent academic institutions and researcher forum to promote research and employment. Thanjavur Medical College joined hands with Department of Biotechnology for sharing knowledge expertise. Thanjavur Vasantham Lions Club collaborated with Department of English and Social work for the cause of social upliftment activities.
Admission of Students	Due the demands for various courses, additional sections were sanctioned for Commerce, BBA, Online admission process was proposed to the management council.
Curriculum Development	Curriculum designing and development is decided by the affiliating university. In addition, the institution has taken efforts to provide choice based Certificate and diploma courses to promote technical and entrepreneurial skills towards employability.
6.2.2 – Implementation of e-governance in areas of operation	ations:
E-governace area	Details
Planning and Development	1. College has proposed complete

E-governace area	Detalls				
Planning and Development	 College has proposed complete office automation and integrated data management system Office automation will include students' database, faculty and staff database, feedback system etc. 2. Administration: complete office automation was suggested to replace the Partial office automation system. 3. Notices and circulars are uploaded in the college website and communicated to different departments through email also through whatapp groups. 4. Each and every IQAC notice is circulated by the coordinator through email 				
Finance and Accounts	 Payment for the work orders is done through PFMS according to government guidelines for NSS. 2. Salary of faculty members and staff is transferred directly to the bank account. 3. Quotations and purchase order of the lab departments were placed through email. 				

Student Admission and Support	1.E governance based admission process was proposed to the management council. 2.Student support committees such as Internal Complaints Committee and Anti Ragging Committee activities have been uploaded to the college website and students can communicate to the members through email.
Examination	Students Entry and exit level tests were conducted through online system by computer studies departments.

6.3 – Faculty Empowerment Strategies

6.3.1 – Teachers provided with financial support to attend conferences / workshops and towards membership fee of professional bodies during the year

Year	Name of Teacher	Name of conference/ workshop attended for which financial support provided	Name of the professional body for which membership fee is provided	Amount of support
2019	Dr. N.Anuradha	National level workshop on "NIRF India Ranking"	Marian College, Kuttikannam in association with Institute for Academic Excellence, Hyderbad.	2082

6.4 – Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly (with in 100 words each)

Internal Quality Assurance Cell regularly conducts internal and external Academic and Administrative [AA] audit for every academic year. Financial audit is conducted by the external experts approved by the management and the frequency of audit is April to December and January to March for every year. Financial audit is conducted by Rozario Co, Charted Accountant, Chennai, TamilNadu. Internal and external academic audit is conducted at department level by the IQAC team and the expert committee respectively.

6.4.2 – Funds / Grants received from management, non-government bodies, individuals, philanthropies during the year(not covered in Criterion III)

	Yes/No	Agency	Yes/No	Authority	
Academic	Yes	Fr.Joseph Principal, Bhopal school of Scocial sciences,Bhopal	Yes	IQAC	
Administrative	Yes	Thomos Co	Yes	Principal, Budget advisory committee, Bon Secours Congregation	

Parent Teacher Association always renders constant support as the integral part of institution functioning as follows,. 1. COVID 19: PTA rendered massive support in the form of both financial and nonfinancial support. 2.Celebrations: PTA members take part in all the functions and celebrations of the institution and share their views and valid suggestions for the young generation. 3. PTA meeting: During PTA meeting at end of the every semester, they open up their feedback on functioning of the institution and forward curriculum related suggestions to introduce employment based courses and entrepreneur skill development. 4. Saplings are given to parent during PTA meeting as a part of green initiative. 5. Academic progression is presented in the PTA meeting and suggestions and recommendations are carried out towards NAAC cycle II Quality circle

6.5.3 – Development programmes for support staff (at least three)

 Yoga classes are conducted to attain physical and mental fitness at regular intervals. 2. Training Program on Investment of Minimum Savings 3. Spoken
 English class for non-teaching staff 4. Training Programme on PageMaker for nonteaching staff 5.Career guidance programme on Apiculture - Startup 6. Leave
 Letter writing Training programme for supportive staff

6.5.4 – Post Accreditation initiative(s) (mention at least three)

Post accreditation initiatives based on the recommendations mentioned by the NAAC Peer team. 1. Faculty empowerment strategy: ICT enabled teaching and learning system was insisted and installed. Faculty are encouraged to do Ph.D. under F.I.P provision. Research and Development cell was established, thereby received considerable number research projects funded by Government agencies specially CSIR, ICMR, ICHR, TNSCST and ICSSR. 2. Establishment of Infrastructure: The new spacious canteen building was renovated with more added facilities. The library was established in the separate building and number of books and journals were scaled up. Thirteen more buses have been added to facilitate easy and comfortable travel for the students especially those from remote areas. 3. Integrated Data Management Centre: The Management Information System is implemented through Gurukul software for continuous data updating, retrieving and monitoring process of students and faculty for the smooth and convenient functioning of the Institution. 4. Industry and academic collaborations were extended to promote skill development towards employment and entrepreneurship.5. Students are provided with number of certificate courses related to skill and entrepreneurship development.

Percentage of power requirement of the University met by the renewable energy sources

1. Energy Conservation: The institutional annual power requirement is 75 KW out of which 30 KW is met by renewable energy sources i.e .solar energy. Percentage of power requirement of the institution met by the renewable energy sources accounts for 40. Utility of 83 LED bulbs facilitate power consumption. 2. Solid

Waste Management: The institution has an effective solid waste management system at strategic locations in the campus which segregates bio degradable and non degradable wet and dry wastes. Dry wastes are collected at common waste collection point. The institution takes all measures required to make the campus as plastic free. The EWA club of Biotechnology conducts awareness programs for the students about the hazards of plastic and alternative ways through which usage of plastic can be minimized. As part of this a Guest lecture on plastic free campus was delivered by Mr.Muthukumar, Rotract of Thanjavur created awareness to the students and staff on 21.07.2019. The students have made a commitment to reduce plastic usage by pledging to measurably reduce plastic pollution on World Environment Day. All departments and classrooms are provided with dustbins for disposal of dry wastes and collected daily. Solid waste in the form of dried leaves and bird droppings are converted into compost in the vermin compost pit. Food wastes from the canteen and hostel are sent to piggery. E-wastes management system is operational in the campus wherein fault hardwares are utilised as a learning resource for the diploma course on Computer Hardware and technology. Students are given practice in making Art from wastes. 3. Liquid Waste Management: Grey water recycling plant is functioned effectively and recycled water is irrigated to teak wood field in the campus. Waste water generated within the functional areas of the campus is engaged with Canna plant varieties. Water conservation is assured through rainwater harvesting pits. The institution also has an equipment RO purifier. Ultimately the sylvan landscape with 3705 trees and waste management practices keep the campus green and clean.

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

 Herbal garden establishment with sales outlet 2. Organic farming and azolla cultivation 3. 4100 Saplings were presented to parents on Parents meeting 4.
 Rain water harvesting awareness program conducted in local community with TWDB, Thanjavur(Vilar) 5. Green audit was conducted.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

BEST PRACTICE I 1. Title of the practice: Student Support Services (BON DIVINE) 2.Objective Educate a Woman and You Educate a Family Educate a Girl and You Educate the Future. In tune with the Vision of the College and in line with the spirit and practice of the Bon Secours Congregation, Bon Secours College for Women is committed to the cause of empowerment of women through higher education. The college caters to the educational needs of nearly 60 villages in Thanjavur district. More than 80 of the students are from far below the poverty line and from Tamil medium of Instruction and most of them are first generation learners. But for the presence of Bon Secours College, many of them would have been deprives of the privileges of higher education. The college aims to educate them, to make them employable and if possible to elevate them to global standards. So, the noble objectives of the practice are ? To extend financial aid to the deserving poor students, especially from the rural background without any discrimination of caste, creed or gender. ? To maximize the sources of governmental, institutional, and private funding for students. ? To inculcate the values of 'generosity' and a 'sense of social responsibility' among the students. ? To promote a sense of 'equality' among the students ? To Expand and enhance opportunities for student employment 3. The context The college came across many hurdles in the realization of its goal to educate its women learners and empower them. Most of the students are from labour class and higher education remained day-today only as their dream. The families could not think of higher education, when their survival itself was a challenge. The Management, with a strong commitment to live upto its vision decided to tap all resources to help the educational needs of the poor and needy to the students. Financial constraints should never be a hindrance to education. 4. The Practice In addition to the scholarships extended to the students, by the state and central Governments, the Management provides the following scholarships: • Management concession to poor and differently abled students. • 10 fee concession for PG students in addition to exemption from admission fees. • Endowment scholarships as detailed in student diary. • Scholarships offered by local philanthropists. There are also a few programmes regularly organized in

the college by students themselves. These programmes reflect the noble mind of some of the affluent students of the college. These programmes bear witness to the fact that Bon Secours College is keen on educating the minds of the students as well as their hearts. • 'I CAN' 'I Can' is a very innovative programme organized by the students themselves to help their own needy fellow students. The students organize fairs in the campus, and they are the sellers and buyers. The entire profit of the programme goes to the educational assistance of the under privileged students. It is conducted in 2 phases, one in each semester. • SAFE - Students Assistance Fund for Education SAFE is another charitable activity initiated by the Students Welfare Committee. Through this programme, the students collect donations within and outside the college. This programme was launched on 20th Dec. 2014 .The entire amount collected would go to the welfare of the poor and deserving students to meet their education needs. • MANNA 'Manna' is yet another student welfare fund inaugurated on 12th Jan. 2015. This programme intends providing lunch to the students who leave their homes very early and return home very late as they are coming from long distances. It is planned to provide lunch atleast for 50 students every day. • Orphan Adoption Orphan adoption is undertaken in its true spirit. The Management and also some of the senior nuns in the community adopt the orphan students. Besides taking care of their financial needs, they are also invited often to the community on important festive occasions to share with them the family spirit. • Earn While You Learn Some of the poor students are employed as part time workers by the college, in the library, store etc., This opportunity enables the students to earn their livelihood with dignity. ulletBridge course Next to financial problems, the students from Tamil Medium of instruction found it extremely difficult to cope with the new environment of higher education. Hence, it was decided to offer a Bridge Course to all the new entrants at the beginning of the academic year. The course offers intensive training to the new entrants, to improve their communication in English. So that they can be better prepared for the new environment of higher education. 5. Evidence of success The most obvious result of support services is the sharp fall in the number of dropouts and also the increase in number of admissions. The table below supports the large utility of the support services: Admission over the year: Bridge course has improved the confidence level and the communicative skills of the students resulting in large number of employments. The number of students who secured jobs in and off campus placement programmes has considerably increased. There is also a significant increase in the number of students opting for further studies. The university results are also on the increase due to the intensive efforts taken by the college in providing academic assistance to the students. Results over the year: 6. Problems encountered and Resources Required The college found it difficult to offer financial assistance to all the students as the admission every year was increasing. In addition to the Management scholarships, the college also reached out to local philanthropists, NGOs, Association and other well-wishers to muster help for the poor students. The principal and the members of the Students Welfare Committee took up this challenge and motivated the students to come out with many student sponsored programmes such as I Can, SAFE and Manna. These Programmes almost found solution to the financial needs of large number of students. The Department of English found the text books available in the market to be inadequate to meet the specific demands of the students who hail from very remote village and poor background. Hence, the members of the Department of English compiled a text book entitled Communicative Skills which takes into consideration the needs of the students that are peculiar to this environment. 1. Title of the Practice Curriculum Enrichment and Acceleration Programme (CEAP) 2. Objectives of the Practice The institution preferred Vilar village as the location with a determination to promote the living standard of the women from the nearby villages especially the poor, marginalized and firstgeneration learners by offering them the facilities of comprehensive education.

Hence the institution engaged itself in the process of curriculum enhancement and enrichment in addition to the curriculum offered by the parent university. The Objectives of the programmes are: • To boost the employability quotient of the students and to provide them wider options to pursue higher studies and research. • To supplement the curriculum in the context of global employability and wholesome living. • To provide an intensive and sustained exposure to additional and updated resources. 3. The Context The institution draws large number of its students from remote villages. The management believes that a radical change in their lives can be brought about only by offering learner oriented skills in addition to regular curriculum. Based on the feedback from the alumnae and parents, a need was felt and was discussed in the IQAC. Subsequently it was decided to provide more number of certificate, add on and value added courses taking into account the current demand towards skill development and entrepreneurship. 4. The Practice Every department was asked to decide and design one or more skill oriented certificate course that would increase the chances of employability. The departments submit to the IQAC, a list of new courses to be offered in 2019-2020, in addition to what they have been conducting already. The IQAC held a discussion with the academic council about the choice of titles and finally suggested to the departments the courses that can be offered by them with internal and external subject experts. Thus, during 2019-2020, 26 new Certificate and Add on Courses were offered by various departments. 5. Evidence of Success: All the students were enrolled and certified. The list of courses are Entrepreneurship Skill Development, Data Analysis Using Spread Sheets,NCFM - Basics,Sculpture Art,Project Management, Diversity and Social Justice in Social Work, Build Your English, Fundamentals of Library Science, Music, Cryptography, Basics of Digital Skills, Karate, Phytochemical Techniques, Bioentrepreneurship, Patent Law, Cell Culture Technique, Organic Farming, Nutrition and Dietetics, Hospital Data Management, Asp.Net, Web Design, Ubuntu, Cloud Computing, Tanjore Glass Painting, Palm Script. 6. Problems encountered and Resources Required The institution takes efforts to transform the rural women into intellectuals with global competencies. The institution faces difficulty in making the students to overcome the inhibitions towards employment. Bringing the students out of the campus is also difficult.

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

http://www.bonsecourscollege.org/BestPractices1920.pdf

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

? The Institution emerged with the vision of HISPIME to enable the development of Healthy, Intellectually, Spiritually, Physically Integrated, Morally and Emotionally balanced rural women community to educate and empower for the Nation advancement. The institution is functioning in rural locality where learning is extended to the rural and downtrodden women community. Most of the students from rural background face challenges, struggles and crisis in availing Higher Education. They prefer the institution as the source of solution towards education and empowerment with discipline and decorum. The institution is committed to excel by developing the students from the multicultural diversified family background primly rural in their academic competency, critical thinking, civic responsibility and global awareness in line with the mission. As promoting moral values in students are the chief responsibility of the educational institution to avoid the continuous erosion of human values and social relations, it is the need of the hour to initiate serious action for the restoration of moral values among youth in today's

scenario. With the underlying principle of Education without value is not only useless, but also very harmful, hence the institution widens moral education to the student community as the integral part of curriculum to promote discipline, leadership, self-reliance, self-control, social responsibilities and integrity through designed inputs to encounter the challenges of the modern era in three ways: ? 1. Physical and Mental fitness: Sports, Yoga and meditation classes are organised every year to the faculty and students and also extended to supporting staff regularly to provide physical and mental fitness, healthy body, mind and spirit. The institution has signed MoU with Thanjai Nagara Manavalakai Mandram Trust for the same. Physical Education hour is included in the timetable and annual sports meet has also been conducted. Heartfulness Centre and Eisha Yoga Centre also train the students in meditation, pranayama and asanas. The students also perform PRANAYAMA in the morning during general assembly. International Yoga Day is observed regularly and the practice of yoga to master the art of living is reinforced. 2. Shalom-Spiritual Retreat: The spiritual retreat is organised for the students every year with an objective of infusing spirituality and discipline. They are benefited to a greater extent to relieve from stress and anxiety. Shalom programme influences the young minds with moral values to build good character and also confer social and moral consequences of the unregulated activities. 3. BonFest-the cultural platform: cultural programme gives the student an impetus to propagate moral values. As Participation in cultural activities make the student to be aware of rich art and culture of India, various cultural events has been conducted with specified themes to develop the human values and intellectual identity. Aaduvomae Pallu Paduvomae is the platform where all the indigenous and Indian cultural arts are exhibited at intercollegiate level with specific themes related to emerging trends. This regular practice also restricts discrimination and ragging etc., Hence the name "Bon Secours College for Women" becomes the distinct and most preferable institution for higher education in Thanjavur district, TamilNadu.

Provide the weblink of the institution

8. Future Plans of Actions for Next Academic Year

1. Applying for NAAC Assessment and Accreditation Cycle II: Under the guidance of the Management and Principal, IQAC and the core committee to prepare plan of action and coordinate with the faculty and the administrative staff to complete the task assigned. 2. Strengthening Research Environment: Guide and expedite the faculty to publish research papers in scopus, web of science and UGC- Care indexed journals. Progress the research by providing funds and facilities. 3. Enhance ICT facilities for teaching-learning: To train and facilitate usage of ICT facilities, create e-contents and practice different teaching pedagogy in the classroom. 4. Industry-academy collaboration: To encourage collaborations with Industry / institution for introducing certificate / add-on courses, seminars, guest lectures, conferences, field/industry visits and encouraging internships and projects for enhanced experiential learning. 5. OBE Assessment and Attainment: To help student to retain the concepts, acquiring knowledge and skills with focused orientation on teaching-learning towards OBE.
