

BON SECOURS COLLEGE FOR WOMEN (Autonomous)

Accredited with A++ Grade by NAAC in Cycle II
Affiliated to Bharathidasan University, Tiruchirappalli
UGC Recognized 2(f) and 12(B) Institution

VILAR BYPASS, THANJAVUR - 613 006, TAMIL NADU

DEPARTMENT OF HOSPITAL ADMINISTRATION

Programme Outcomes (POs)

On successful completion of the BSc Programme, students will be able to:

PO1: Foundational Knowledge: Apply fundamental principles and methods across key areas of science and multidisciplinary fields.

PO2: Problem Solving and Analysis: Demonstrate analytical and logical skills to address scientific challenges and requirements.

PO3: Scientific Inquiry and Critical Thinking: Cultivate critical thinking and a scientific temper to evaluate and solve complex problems.

PO4: Effective Communication: Communicate scientific concepts clearly and effectively to diverse audiences.

PO5: Ethics and Sustainable Development: Recognize the importance of ethical responsibility and use technology judiciously to promote sustainability.

PO6: Research and Lifelong Learning: Uphold scientific integrity, engage in research, and commit to continuous learning amid technological advancements.

Programme Specific Outcomes (PSOs)

PSO1: Comprehend hospital organization and the various managerial functions, including planning, organizing, directing, and controlling.

PSO2: Apply the latest trends and technologies in healthcare solutions and administration.

PSO3: Exhibit leadership qualities and critical thinking skills for decision-making in various situations.

PSO4: Communicate effectively with the healthcare team to document and foster strong interpersonal relationships and teamwork.

PSO5: Understand common clinical practice terms and the role of hospitals within the healthcare system and administration

Programme Educational objectives:

The programme will enable the graduates to

PEO 1: Prepare students to take on the accountability of a hospital service manager, regardless of the institution's size or standing, by developing their understanding, skills, and analytical abilities in hospital management.

PEO 2: Equip students to formulate expertise in planning, administration, and evaluation of hospital design, ensuring effective operation of functional resources to maximize results.

PEO 3: Enable students to meet challenges in quality assurance, expense containment, equipment supervision, human resource management, emerging diseases, and cost-effective technologies, with a comprehensive understanding of healthcare systems.

PEO 4: Foster the integration of innovative ideas and organizational skills into strategic planning, decision-making, human resource management, finance, marketing, and information systems.

PEO 5: Demonstrate proficiency in implementing an integrated approach to oversee both healthcare professionals and facility operations, ensuring efficient and effective healthcare delivery.
